#### Limited Review Report For the Condensed Separate Interim Financial Statements

To: The Board of Directors of Arabian Cement Company An Egyptian Joint Stock Company

#### Introduction

We have reviewed the accompanying condensed separate interim financial position of Arabian Cement Company SAE as of September 30, 2024, and the related condensed separate Interim statements of profit or loss, comprehensive income, changes in equity and cash flows for the nine months period then ended, and a summary of significant accounting policies and other explanatory notes. Management is responsible for the preparation and fair presentation of these condensed separate interim financial statements in accordance with the Egyptian Accounting Standard No. (30) - Interim Financial Reporting. Our responsibility is to express a conclusion on these condensed separate interim financial statements based on our review.

We have conducted our limited review in accordance with the Egyptian Standard on Review Engagements (2410) - Limited Review of Interim Financial Information Performed by the Independent Auditor of the Entity. A review of condensed separate interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with the Egyptian Standards on Auditing and consequently, does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion on these condensed separate interim financial statements.

#### Conclusion

Based on our limited review, nothing has come to our attention that causes us to believe that the accompanying condensed separate interim financial statements do not present fairly, in all material respects, the interim separate financial position as of September 30, 2024, and the results of its interim separate operations and its interim separate cash flows for the nine months then ended, in accordance with Egyptian Accounting Standard No. (30) - Interim Financial Reporting.

#### 9. Earnings per share

Basic earnings per share is calculated by dividing the earnings from continuing operations attributable to ordinary shareholders by the weighted average number of ordinary shares outstanding during the period. For diluted earnings per share, the weighted average number of ordinary shares in issue is adjusted to assume conversion of all dilutive potential ordinary shares. As the company does not have any dilutive potential, the basic and diluted earnings per share are the same.

- \* On July 23, 2024, a facility agreement have been signed between the Company (the "borrower") and the National Bank of Egypt (the "lender") for the Anti - Industrial Pollution Program "third phase", and under the grant from KfW Development bank's grant for industrial pollution control projects with a total amount of Euro 3 090 000 equivalent to EGP 242 000 000 to be paid over five years in 20 quarterly installments at an interest rate of 3% above the Euribor rate for 6 months. The monthly commission is calculated at a rate of one per mile on the highest debit balance for the amounts withdrawn or used from the facility agreement. The financing amount shall be utilized as follows:
- Pay the amounts due to contractors and/ or local and foreign suppliers through making banking transfers in favor of the Project's contractors and suppliers by virtue of supply agreements approved by the Egyptian Environmental Affairs Agency's (EEAA) Project Implementation Unit (PIU) supported by invoices, progress payments and/ or claims approved by the Borrower.

- Open irrevocable at-sight / deferred letters of credit (LCs) and/ or accept incoming documentary related to the Project,
- Refinance or pay the shipping documents received under opened LCs and/ or issued LGs, and/ or pay the value of the documentary collections related to the project.

To guarantee the facility including principal amount, interests, commissions, expenses and fees and/or any other due amounts under this facility, and as a guarantee for the borrower performance of the obligations subject to this Contract, the Borrower presents to the Bank to increase the existing commercial mortgage in favor of the Bank in the amount of the tangible assets contemplated herein. In case of canceling the mortgages made on the Borrower's assets, a first-degree commercial mortgage shall be taken out on the tangible assets, subject of the Facility within 3 months from the Project's completion date.

The pledges in the financing agreement other than the guarantees referred to earlier included the followings:

- Not incur any indebtedness and/or loans or facilities from the banking sector whether inside or outside of Egypt unless a prior written consent from the Bank is obtained.
- Obtain the required certificate from EEAA, which shall indicate pollution abatement as per the relevant study.
- '• Not to pay any dividends except after repaying any amounts due under the Facility.
- The leverage ratio shall not exceed 2.5 times during the fiscal year ended 31/12/2023.
- The Borrower shall take out an insurance on all relevant works and property forming part of the Project, in the range of 110% of the full amount of facility.

According to the terms of the facility agreement, the borrower enjoys a grant provided by the bank at different percentages of the value of the facility, determined according to several conditions stipulated in the financing contract, where no return is calculated on those percentages and/or is reduced from the value of the facility.

#### 27. Significant events during the period ended September 30, 2024

- The Monetary Policy Committee of the Central Bank of Egypt decided at its meeting on February 1, 2024, to increase the overnight deposit and lending rates and the central bank's main operation rate by 200 basis points to reach 21.25%, 22.25% and 21.75%, respectively. The discount rate was also increased by 200 basis points to 21.75%.
- The Monetary Policy Committee of the Central Bank of Egypt decided at its meeting on March 6, 2024, to increase the overnight deposit and lending rates and the central bank's main operation rate by 600 basis points to reach 27.25%, 28.25% and 27.75%, respectively. The discount rate was also increased by 600 basis points to 27.75%.
- The Monetary Policy Committee of the Central Bank of Egypt decided at its meeting on March 6, 2024, to allow the exchange rate of the Egyptian pound to be determined according to market mechanisms.
- On March 3, 2024, the Prime Minister's Decision No. (636) of 2024 was issued and included the replacement of the provisions of some Egyptian Accounting Standards with amended ones. Below is the list of Egyptian Accounting Standards that were replaced with amended ones:
  - Egyptian Accounting Standard No. 32 "impacts of changes in Foreign Currency Exchange Rates"
  - Egyptian Accounting Standard No. 17" Separate Financial Statements"
  - Egyptian Accounting Standard No. 34 "Real Estate Investment"
  - The Decree also introduced the Accounting Interpretation No. 2 "Certificates of Reducing Carbon Emissions".
- On 23 May, 2024, the Prime Minister issued the Ministerial Decree No. 1711 for the year 2024 to amend some provisions of the Egyptian Accounting Standards by adding annex (E) to the Egyptian Accounting Standard No. 13 "The Effects of Changes in Foreign Exchange Rates". The annex aims to introduce a special and optional accounting treatment for the implications resulted from the movement of the foreign currency exchange rates. The special accounting treatment that is introduced in this annex is not considered an amendment to the Egyptian Accounting Standards that are currently in place. The annex includes the following two options:

#### First option:

Applying the provisions of the amended Egyptian Accounting Standard No. 13 "The Effects of Changes in Foreign Exchange Rates" that was issued in 2024. When applying the amended Egyptian Accounting Standard No. 13, the entity should not restate comparative information.

#### Instead:

- A) When the entity reports foreign currency transactions in its functional currency, and, at the date of initial application (which is the beginning of the annual reporting period in which an entity first applies the amendments), concludes that its functional currency is not exchangeable into the foreign currency or, if applicable, concludes that the foreign currency is not exchangeable into its functional currency, the entity should, at the date of initial application:
- 1) Translate affected foreign currency monetary items, and non-monetary items measured at fair value in a foreign currency, using the estimated spot exchange rate at that date; and
- 2) Recognize any effect of initially applying the amendments as an adjustment to opening retained earnings.
- B) When the entity uses a presentation currency other than its functional currency, or translates the results and financial position of a foreign operation, and, at the date of initial application, concludes that its functional currency (or the foreign operation's functional currency) is not exchangeable into its presentation currency or, if applicable, concludes that its presentation currency is not exchangeable into its functional currency (or the foreign operation's functional currency), the entity should, at the date of initial application:
- 1) Translate affected assets and liabilities using the estimated spot exchange rate at that date;
- 2) Translate affected equity items using the estimated spot exchange rate at that date if the entity's functional currency is hyperinflationary and recognize any effect of initially applying the amendments as an adjustment to the cumulative amount of translation differences, accumulated in a separate component of equity.

#### Second option:

- Setting additional option to paragraph (28) of the Egyptian Accounting Standard No. 13 "The Effects of Changes in Foreign Exchange Rates" which requires the recognition of the foreign exchange differences in the statement of profit or loss for the period in which they incur. Alternatively, an entity that has outstanding liabilities in foreign currency on the date of the movement of the exchange rates that are related to:
- Preparty, plant, and equipment or investment property or intangible assets (other than goodwill) or mining assets or and right of use assets for lease contracts, to recognize within the cost of those assets the debit currency differences resulting from the paid part of these obligations during the financial period of applying this special accounting treatment in addition to the foreign currency differences resulting from translating the remaining balance of these liabilities as at March 6, 2024 or at the end of the closing date of the financial statements for the financial period of applying this special accounting treatment.
- Also, this treatment permits an entity to recognize foreign exchange gain or loss resulting from the revaluation
  of monetary balances in foreign currencies that are outstanding as at March 6, 2024 or at the end of the closing
  date of the financial statements for the financial period of applying this special accounting treatment to be
  recognized in the statement of other comprehensive income.
  - The company's management has decided not to apply any of the optional treatments mentioned above for the period ended September 30, 2024.

#### 28. Significant events subsequent to the date of the condensed separate interim financial statements

On October 23, 2024, The Prime Minister issued Decree No.3527 for the year 2024 to amend some provisions of the Egyptian Accounting Standards by adding the Accounting Standards No. (51) "Financial Reporting in Hyperinflationary Economies".

The effective date of applying this new Accounting Standards is pending the issuance of the application guidelines by the Prime Minister or his authorized representative.
